# NFIP Weekly Progress Report

For January 23-28, 2012

The following is a weekly report summarizing the significant accomplishments for the Federal Emergency Management Agency (FEMA) National Flood Insurance Program (NFIP) for the week of January 23-28, 2012.

This report includes training activity for all regions.

This report has two major sections:

- Previous Week's Training Activity
- Confirmed Future Training Activity

## 1. Previous Week's Training Activity

During the week of January 23, 2012, a total of 8 classes were delivered to 721 attendees. Below is a detailed report of the training activity, listed by Region.

Date	REG	City	ST	Venue	Type	Audience	Trainer	# Attendees	Summary
1/24/2012	0				Webinar	Combo	Slevin	170	<p>In this combo webinar entitled "FEMA Mapping Changed", 27% of attendees were insurance agents, 36% lenders, and 10% Insurance companies. This session discussed in detail:</p> <ul style="list-style-type: none"> <li>- the history of map changes and the process</li> <li>- map resources</li> <li>- benefits of map changes for property owners</li> <li>- grandfather rules</li> <li>- PRP extension</li> <li>- letters of map change</li> </ul> <p>The group asked questions on topics such as PRP eligibility, making FIRMettes, zone discrepancies and letters of map change.</p>
1/25/2012	0				Webinar	Agent	Martinez	78	<p>The "Advanced Topics" webinar covered a thorough discussion of:</p> <ul style="list-style-type: none"> <li>- 30-day waiting period</li> <li>- policy reformation</li> <li>- evidence of insurance</li> <li>- renewals/cancellations</li> <li>- Coastal Barrier Resource System</li> <li>- impact lender compliance has on agents and their clients</li> </ul> <p>When asked if the attendees had been to past NFIP webinar training, 66% answered "yes". Some chatted that they had been to several in the past week. One attendee was an adjuster and had not only attended past sessions, but was attending this session for the 2nd time and expressed the benefit of rounding out his knowledge. Some of the questions asked in the Q&amp;A panel touched on clarification on the flood start date and COBRA E&amp;O exposure.</p>

Date	REG	City	ST	Venue	Type	Audience	Trainer	# Attendees	Summary
1/26/2012	0				Webinar	Agent	Slevin	104	<p>This webinar was entitled Elevation Rating. It expands on the EC Made EZ webinar, offering a series of case studies involving the rating of elevated and non-elevated buildings in A and V zones. Lowest floors are determined in the case studies and completion of the application and selection of rates are discussed.</p> <p>According to poll results, 72% of the respondents in this webinar indicated that they had previously attended a NFIP webinar.</p> <p>Topics covered during the session included:</p> <ul style="list-style-type: none"> <li>- Impacts of machinery and equipment in a garage</li> <li>- Proper flood openings especially with regards to things like crawlspace doors.</li> <li>- Engineered opening and the criteria for it.</li> <li>- Completion of the elevation certificate in V zones</li> <li>- Basement coverage for machinery and equipment</li> <li>- Unnumbered A zones and how to determine elevation difference without BFEs</li> <li>- Definition of a stem wall</li> <li>- Base flood elevations and how they are determined</li> <li>- Definition of an obstruction</li> <li>- Differentiation between subgrade crawlspace and at grade crawlspace</li> <li>- Criteria for using Pre-FIRM vs. Post-FIRM rating</li> <li>- Rating V zones using replacement cost ratio</li> </ul>

Date	REG	City	ST	Venue	Type	Audience	Trainer	# Attendees	Summary
1/26/2012	0				Webinar	Agent	Martinez	128	<p>The "Advanced Topics" webinar focused on advanced topics including:</p> <ul style="list-style-type: none"> <li>- the 30 day waiting period</li> <li>- policy reformation</li> <li>- evidence of insurance</li> <li>- renewals/cancellations</li> <li>- Coastal Barrier Resource System</li> <li>- impact lender compliance has on agents and their clients</li> </ul> <p>This group was very interactive during the session and maintained engaged for the duration. During the session, the chat panel stayed busy with questions ranging from map changes, zones discrepancies and lender compliance issues and their affect on the sale of flood insurance. Many of the attendees stayed past the official end time to type in questions. Initial comments received with the session evaluation included "Knowledgeable presenters" and "Appreciated the question and answer period after the presentation." Great session overall.</p>

Date	REG	City	ST	Venue	Type	Audience	Trainer	# Attendees	Summary
1/24/2012	5		IL	Part 1	Webinar	Agent	Slevin	56	<p>This webinar was Part 1 of the Basic Agent (FIRA Compliant) course. It was sponsored by the Independent Insurance Agents of Illinois. The IIA of Illinois not only acted as the webinar co-sponsor but also as the continuing education provider for the course. The Illinois Department of Insurance grants just 3 hours CE credit for any webinar or classroom training that meets the FIRA 2004 requirement.</p> <p>When polled during the session, nearly 40% of respondents indicated that they had no prior experience writing flood insurance. In another poll question, 60% of respondents answered that they had not written a flood insurance policy in the past 30 days.</p> <p>Given this group's relative lack of experience, the Basic Agent course fit the group extremely well. Questions from the group tended to be very basic, consisting of some of the following topics:</p> <ul style="list-style-type: none"> <li>- Community Status List - what various designations mean on the list</li> <li>- Basements, especially with regard to contents coverage limitations</li> <li>- Flood zone - how to determine when more than one zone is present on a property</li> <li>- Definition of flood, especially the scope of what constitutes a general condition of flooding</li> <li>- Detached garage coverage extension - how to define residential use</li> <li>- Personal property in open - why is it excluded</li> <li>- Flood map updates - how to accomplish in a community with older flood maps</li> </ul>

Date	REG	City	ST	Venue	Type	Audience	Trainer	# Attendees	Summary
1/25/2012	5		IL	Part 2	Webinar	Agent	Slevin	56	<p>This webinar was part 2 of the two-part Basic Agent (FIRA Compliant) webinar that targeted Illinois agents. The Independent Insurance Agents of Illinois sponsored both sessions and also acted as the continuing education provider for the course.</p> <p>The group was polled at the outset of the session to describe what objections it hears from its clients with regards to purchasing flood insurance. Although there were a bevy of responses supplied, all the answers could easily be narrowed down to two categories: price and perceived risk. Agents commented that since most clients perceived little or no flood risk, flood insurance was not seen as economically viable at any price.</p> <p>This two-part session explored a variety of aspects with regards to the NFIP:</p> <ul style="list-style-type: none"> <li>- how the program works</li> <li>- coverages</li> <li>- loss settlement</li> <li>- rating</li> <li>- elevation certificates, etc.</li> </ul> <p>Given the breadth of the subject matter, attendees were polled near the end of the two-day session to complete the following sentence: "I learned something new about..." Top responses coming from agents included grandfathering, elevation certificates, base flood elevations, SFIP coverages and loss settlement.</p>

Date	REG	City	ST	Venue	Type	Audience	Trainer	# Attendees	Summary
1/24/2012	8	Watertown	SD	Holiday Inn Express	Classroom	Agent	S Wood	36	<p>Flood Insurance Essentials was presented to 33 insurance agents and 3 lenders in Watertown, SD, in the first of a series of three seminars in South Dakota.</p> <p>Topics included:</p> <ul style="list-style-type: none"> <li>- basics of the National Flood Insurance Program (NFIP)</li> <li>- the history of the Program, key stakeholders and how the NFIP works</li> <li>- policy types and what is and is not covered</li> <li>- how to build a flood insurance policy</li> <li>- FEMA/NFIP resources that are available on-line. An Aberdeen insurance agent indicated that after attending NFIP training in 2010 a major marketing campaign was launched bringing in quite a few flood insurance policies to their agency.</li> </ul>
1/25/2012	8	Pierre	SD	Governor's Inn	Classroom	Agent	S Wood	34	<p>Flood Insurance Essentials was presented to 3 lenders and 31 insurance agents. This was a lively and interactive group with a lot of flooding experience since the city of Pierre (South Dakota capital city), literally had water to the rooftops in 2011. We reviewed the basics of the flood program in-depth. Our discussion included information such as:</p> <ul style="list-style-type: none"> <li>- NFIP history</li> <li>- stakeholders</li> <li>- coverage limits</li> <li>- policy coverages</li> <li>- exclusions and limitations</li> <li>- NFIP definitions and terminology</li> <li>- NFIP resources.</li> </ul> <p>Learner evaluations indicated that most attendees were pleased with the presentation and materials.</p>

Date	REG	City	ST	Venue	Type	Audience	Trainer	# Attendees	Summary
1/26/2012	8	Sioux Falls	SD	Ramada Hotel & Suites	Classroom	Combo	S Wood	59	<p>The basic NFIP seminar, "Flood Insurance Essentials" was presented to one adjuster, six lenders, and 52 insurance agents with our partner, the Professional Insurance Agents of North Dakota.</p> <p>The workshop presented these topics:</p> <ul style="list-style-type: none"> <li>- the flood program's history</li> <li>- three flood insurance policies offered</li> <li>- coverage under the Standard Flood Insurance Policy</li> <li>- NFIP claims process</li> <li>- rating</li> <li>- base flood elevations</li> <li>- elevation certificates</li> <li>- list of NFIP resources</li> </ul> <p>This was a highly interactive group who asked a number of topical questions regarding how long a community might stay in the Emergency Program Phase. Or, how often is the Floodsmart website updated? An area of great interest is the difference between a bank's flood zone determination and an insurance agent's.</p> <p>There was positive feedback from the audience including an e-mail from Jeff Ducheneau with Central States Insurance, thanking us for the seminar and stating, "It was wonderful!" Also, an e-mail from Pat Manning, Compliance Officer with First Savings Bank, asking if we present lender training to large groups in person. An immediate response was returned asking for additional details.</p>

Note: Attendance numbers in weekly progress reports are preliminary and may change once a post-workshop audit is completed.

## 2. Confirmed Future Training Activity

The following workshops and webinars are confirmed from January 30 to May 3, 2012. They are listed by region.

Date	REG	City	ST	Venue Name	Address	Type	Audience	Trainer
1/31/2012	0					Webinar	Lender	Slevin
